

USE CASE

PROPPED DOOR / LOITERING

Safer Utilities

Operational View

DETECT

PROPPED DOOR ALERT

Alert sent to security about a door propped open in a restricted area outside of a highly secured site.

ANALYZE

LOITERING ALERT

Security alerted to group of individuals loitering outside of the propped door entrance.

COMMUNICATE

NOTIFICATIONS COMMUNICATED

After initial alerts, the image and location of the individuals are sent to field security teams to disperse the crowd and secure the door.

RESPOND

CORRECTIVE ACTION TAKEN

Security deters the crowd and takes corrective action. An incident is logged including video feeds for evidence along with other relevant data allowing for further training and analysis.
